

## Focal introduces three lacquered finishes for Diva Utopia, its revolutionary wireless loudspeaker

Focal, the prestigious French audio brand recognised worldwide for its acoustic excellence, is proud to unveil three new lacquered finishes for Diva Utopia: Black High Gloss, Dune High Gloss and Off White High Gloss. These refined, radiant finishes join the original Grey Felt finish of this cutting edge hi-fi, active and connected loudspeaker. By blending premium materials with sophisticated aesthetics, Focal once again demonstrates its commitment to offering exceptional sound and design experiences to all music lovers.

Three finishes in option:

### EXCEPTIONAL FINISHES

The new finishes feature shades that combine sleek minimalism with high-end sophistication. The intensity, depth, and timelessness of black are embodied in the Black High Gloss colour, while the Dune High Gloss finish introduces a shimmering interplay of silver and gold tones, bringing a luminous, distinctive presence to any room. Finally, the refined Off White High Gloss finish adds a subtle, silky glow that integrates seamlessly into contemporary living spaces. All of these exceptional finishes are lacquered, with a high-gloss varnish that enhances both the colours and the contours of the loudspeaker.

### CHOOSE YOUR FINISH

First unveiled in October 2024 with its standard felt finish, Diva Utopia can now be chosen with one of the new lacquered finishes, available as an optional extra exclusively in *Focal Powered by Naim* stores that have the product in their offer.

Committed to complete customer satisfaction and determined to offer only the best, Focal also provides existing Diva Utopia owners the opportunity to purchase lacquered side panels, allowing them to upgrade their model and rediscover their listening experience. Installation is carried out by trained professionals in *Focal Powered by Naim* stores, ensuring expert care and a bespoke service.

**Availability:** The lacquered finishes will be available from May, exclusively in selected Focal Powered by Naim stores that sell the product.
