

AIO 3

FINISHES :

Slate Grey, Artic Blue, Frost White (Silver Aluminium)
 Red Ocher, Powder Pink, Green Forest (Gold Champagne Aluminium)

While the AIO 3 is a connected device, it is first and foremost a high-fidelity speaker. It delivers a detailed and immersive stereo sound thanks to its high-density wood structure and its 2 x 2 channels construction, inspired by high-end TRIANGLE stereo speakers.

Divided into two parts to accurately reproduce the left and right channels, the speaker is equipped with 2 x 25mm fabric dome tweeters and 2 x 10cm mid-bass drivers that will sound great in small to medium sized rooms, up to 25m².

TECHNICAL SPECIFICATIONS
