

## VENOM-X EF POWER CABLE

The Shunyata Research VENOM-X EF is a power cable on a mission. Designer Caelin Gabriel set out to create a power cable that is truly reference-grade while still being flexible enough to route through the finest custom cabinetry.

The VENOM-X EF power cable takes flexibility and ease of use to an unprecedented level. You can literally wrap the cable around a soda can, making it ideal for tight spaces and extreme angles.

### SOUND QUALITY

The VENOM-X EF power cable immediately impresses with an energetic and tonally balanced presentation. It has a rhythmic dynamic quality and an effortless sense of timing. This is realized as an apparent increase in dynamic range and loudness without a trace of strain or edge. It delivers an even-handed, natural tone that invites hours of listening.

## SPECIAL FEATURES

VENOM-X EF's silver-copper VTX-Ag conductors and fluorocarbon dielectrics were developed for Shunyata Research's more expensive reference Alpha and Sigma power cables. The exclusive CopperCONN® connector sports gold-plated, solid copper contacts. This elegant, flat IEC connector allows the VENOM-X EF power cable to be used with components that have constrained or obstructed power cord entrances such as projectors and other home theater equipment.

The VENOM-X EF's 10-gauge conductors and non-reactive design make it compatible with high power amplifiers and a wide variety of components including; solid-state, tube, analog and digital. Every facet of the VENOM-X EF power cable has been optimized for application flexibility, ease of use, and superb performance.

<b>Conductors</b>	10 gauge VTX-Ag
<b>Dielectric</b>	Fluorocarbon
<b>Connectors</b>	CopperCONN® EF-C15
<b>AC Plug</b>	Solid Brass AC contacts ( <i>not folded metal</i> )
<b>KPIP™ Processing</b>	4-days
<b>Standard Length</b>	1.75 meters
<b>Dimensions</b>	Weight: 1.2lbs // AC Dia: 38mm // IEC Width: 37mm

### Safety Assurance: All models

Continuity and polarity tests — by two technicians  
HiPOT tests insulation breakdown @ 4,000 VAC

## LIMITED LIFETIME WARRANTY

The unparalleled craftsmanship and build quality of Shunyata Research products is backed by a limited lifetime warranty. This demonstrates our commitment to building the finest products on the planet and providing exceptional customer support.
